We are very fortunate and grateful to have many grandparents, relatives and other special friends of St. Patrick School students that have supported our students and the school's mission through contributions to our Annual Fund.

We would like to continue to add to our database with contact information for grandparents, relatives and special friends of St. Patrick students who, with your permission, could be contacted with information about the Annual Fund.

We ask that you please complete the form below and return it to the office ASAP.

Thank you for your support.
